### Live Music

#### Deva Premal and Miten

Deva Premal and Miten's sell-out international concert tour reaches the Shaw Theatre, Euston Road, London on Saturday 10th June, bringing their exceptional performances to the UK.

The couples sound expresses the ancient wisdom of multi-denominational mantras and prayers through a modern musical voice. During the concerts, Deva Premal invites her audience to experience the performance without obligatory applause - favouring introspection over gesticulation - and their style blends acapella singing with lush harmonies, acoustic guitar and Indian instruments. At both the matinee and evening concerts, Deva Premal and Miten will be accompanied by Manose, a Nepalese bansuri flute player. Deva Premal and Miten's concerts are remarkable for the removal of the traditional divides between performers and audience - allowing for a sense of shared experience and creating a unique and moving musical experience.

### Unusual

#### Voice Celebration Workshop with Deva Premal & Miten

Held at Triyoga Studios on Kingly Court, Deva Premal and Miten's Voice Celebration Workshop explores the power of song as a healing instrument - the common thread of every culture, tradition, and religion.

Through the singing of ancient and sacred mantras, Deva Premal and Miten encourage the group to open up a sometimes unconscious resistance to one of the human being's most natural resources—making music - welcoming in blissful song and its therapeutic powers.

Eschewing a New Age tag, Miten and Deva Premal use their workshops as a foundation in teaching and transferring knowledge to others, allowing them to transcend musical conventions - bringing the spiritual into the mainstream without compromising integrity.
